BSc Nursing/Midwifery (Honours)

Continue to develop your professional career with UCD...

Choosing nursing or midwifery as a career opens up a world of job opportunities that will sustain you throughout your working life. Once qualified as a nurse or midwife you can choose from a broad range of graduate programmes to build your own career pathway

that reflects your own personal interests and talents. Whatever your interests (e.g. cancer care, palliative care, diabetes, emergency or critical care, research or education), wherever you choose to work (e.g. EU, the USA, Canada or Africa) the career opportunities are endless.
