SEMINAR SERIES

Conversations on cross-cultural perspectives of stillbirth with Dr Maria Luisa Tejada de Rivero Sawers

Date: Tuesday, 19th September, 2017

Time: 12:00 - 14:00

Venue: C006, UCD Health Sciences Centre, Belfield

Maria Luisa Tejada de Rivero Sawers holds a medical degree from the University of Geneva, Switzerland. She worked as an obstetrician and gynaecologist at the University Hospitals of Geneva, with a special interest in cross-cultural consultations and with psychologically or socially vulnerable groups. She is currently finishing her MSc in Public Health at the London School of Hygiene and Tropical Medicine.

Dr Maria Luisa Tejada de Rivero Sawers

Sexual and Reproductive Health Advocate/Specialist

Dr Maria Luisa Tejada de Rivero Sawers advocates for sexual and reproductive health with a focus on perinatal loss, stillbirth and abortion. She is a member of the Stillbirth Advocacy Working Group (ISA/LSHTM/PMNCH-UN-WHO). She recently represented the International Stillbirth Alliance at the 70th World Health Assembly in May 2017. She lives in Mexico with her husband and 2 sons. She is also mother to Pablo who was stillborn on July 30th 2010.

This event is organised by Dr. Hasheem Mannan, Associate Professor in Health System & Dr Denise O'Brien, Head of Subject Midwifery, Lecturer in Midwifery/ Assistant Professor and Programme Director MSc Midwifery Practice.
